

Improve Engagement with Newcomers Through Digital Tools

Are you an organization that supports newcomers? Join the SEND Project to discover how digital messaging tools can enhance communication with your clients.

About

The Supports Engaging Newcomers Digitally (SEND) Project is your opportunity to lead the way in modern, accessible communication. As a participant, your organization will:

- Explore digital messaging platforms for client communications (e.g. WhatsApp, Telegram, Signal, Facebook Messenger)
- Receive training and ongoing support to assess, select and implement digital messaging tools
- Improve access to accurate and reliable information for newcomer clients

Together, we can help you strengthen your communication strategies to better serve the newcomer communities you work with.
