About the Resource List

This resource list was developed as a practical response to recent IRCC funding changes affecting CUAET visa holders who are no longer eligible for LINC classes and the increasing language support needs identified in the community.

This resource provides a curated list of informal language learning programs—such as English Conversation Circle—offered by settlement agencies, Toronto Public Library branches, and faith-based organizations in Toronto or beyond. It is designed as a practical tool for service providers, newcomers, and community members to help support and strengthen English language skills in accessible and welcoming environments.

The highlights of the edition:

- 92 English Conversation Circle (ECC) classes offered by 28 Settlement Agencies
- 39 English Conversation Circle (ECC) classes offered by 38 Toronto Public Library Branches
- 50 English Conversation Circle (ECC) classes offered by 28 Faith-Based Organizations
- 15 English Conversation Circle (ECC) classes offered through Library Settlement Partnership

The list will be updated annually and shared with partners and the broader community. Any inquiries, please reach out to project lead, Isabella Yan, North East Toronto Local Immigration Partnership (NETLIP) Settlement & Language Coordinator at isabella@torontonorthlip.ca

Who Should Use the Resource List?

This resource list is developed for **Service Providers**, including but not limited to settlement agencies, Toronto Public Library branches and faith-based organizations to

- Refer clients who are interested in practicing and improving their English on a flexible schedule that fits their lifestyle
- Support newcomers who may be on waitlists for formal language classes such as LINC/ESL classes by offering immediate alternatives
- Supplement formal LINC/ESL programs with fun, informal resources that make language learning more engaging
- Provide accessible, low-barrier learning tools that clients can use independently from home or on the go
- Strengthen the organization's ability to deliver wraparound services by integrating informal language supports into broader settlement programming

This resource list is developed for **Newcomers** or **Community Members** who

- Are currently on a waitlist for formal language class such as LINC or ESL
- Have completed LINC/ESL programs but want to continue improving their English
- Prefer flexible learning options that fit their schedule and daily responsibilities
- Want to build confidence for work, school, and daily interactions
- Seek opportunities to expand their social network while learning

Please note that those ECC programs do not issue certificates, and therefore cannot be used as proof for citizenship applications.

English Conversation Circle (ECC) - Settlement Agencies
